

Social Media Jumbo Bundle

Premium Photoshop template pack
for all social media & blog

DOCUMENTATION

The **Social Media Jumbo Pack** is a beautiful web element pack for fashion bloggers, lifestyle bloggers, beauty bloggers & beauticians. Create a cohesive branding experience across all your social media platforms like Facebook, Pinterest, Instagram and Twitter or add a beautiful banner to your blog posts.

Download & Install the fonts first

Before opening the PSD file, download the Fonts first.

The fonts used are from Google Webfonts and can be downloaded from links below :

Montserrat: www.fonts.google.com/specimen/Montserrat

Playfair Display: www.fonts.google.com/specimen/Playfair+Display

Oswald: www.fonts.google.com/specimen/Oswald

King Basil: www.goo.gl/WvAgR2

Heartwell: www.goo.gl/OpYIS7

How to replace images and put your own design

1. Expand the group named **Image**.
2. To edit just double click on the layer named **Image holder**
3. You will arrive at smart object file where you can place image, and save.
4. Go back to original file.
